

A HUBER COMPANY

CHEMICAL & FERTILIZER, LLC

Safety Data Sheet

Section 1 – Chemical Product and Company Identification

Product Name: HYBRID™ Chemical Name: Adjuvant Common Name, Synonym: Proprietary Material Uses: Agricultural Adjuvant Manufacturer/Manufactured For: Miller Chemical and Fertilizer, LLC Phone: (717) 632-8921 FAX: (717) 646-1104 CHEMTREC: (800) 424-9300

Section 2 – Hazard Identification

2.1 Classification of the substance or mixture GHS Classification (29 CFR 1910.1200)

Skin Sensitization (Category 1b) Skin Irritation (Category 2)

2.2 Label elements

GHS Labeling Elements

Pictogram: V Signal Word: Warning

Hazard Statements: Causes skin irritation. May cause an allergic skin reaction.

Precautionary Statements: Avoid breathing dust/fume/gas/mist/vapors/spray. Wash skin thoroughly after handling. Wear protective gloves. Contaminated clothing must not be allowed out of the workplace. If on skin: Wash with plenty of water. If skin irritation or rash occurs: Get medical attention. Wash contaminated clothing before reuse. Dispose of contents/container in accordance with local/regional/national/international regulations.

Section 3 – Composition/Information of Ingredients			
Ingredient Name	CAS Number	%	
This product has been tested as a whole to determine its		100	
hazard – see section 11			

PA Right to Know: This product contains proprietary ingredients.

This product contains the following chemicals subject to the reporting requirements of Section 13Title III of the Superfund Amendments and Reauthorization act of 1986 and 40 CFR part 372 (the corresponding CAS numbers and typical percent by weight are also provided).

None

Product Name: HYBRID™

Section 4 – First Aid Measures

EYE CONTACT

Immediately flush eyes with plenty of water for at least 15 minutes, while holding eyelids apart to ensure flushing of entire surface. Call a physician.

SKIN CONTACT

Immediately flush skin with plenty of water for at least 15 minutes, while removing contaminated clothing and shoes. Thoroughly clean clothing and shoes before reuse. Call a physician.

INHALATION

Remove to fresh air. If not breathing give artificial respiration, preferably mouth to mouth. If breathing is difficult give oxygen. Call a physician.

INGESTION

If swallowed, DO NOT induce vomiting. Rinse mouth with water. Dilute stomach contents by drinking water. If vomiting occurs spontaneously, keep head bellow hips to prevent breathing vomit into lungs. NEVER GIVE ANYTHING BY MOUTH TO AN UNCONSCIOUS PERSON. Call a physician immediately!

Section 5 – Fire-Fighting Measures

Flash Point (METHOD):	330°C (TCC)
Auto-Ignition: Flammable Limits:	Not Available Not Available
Extinguishing Media:	Use alcohol foam, carbon dioxide, water fog, dry chemical, or
	halon when fighting fires involving this material.
Special Fire Fighting Procedures:	None currently known.
Unusual Fire and Explosion Hazards:	Oxides of carbon may be generated.

Section 6 – Accidental Release Measures

Personal precautions

Evacuate non-essential personnel, eliminate ignition sources, and wear protective equipment (See Section VIII). Shut off source of leak only if safe to do so. Wear respiratory equipment if exposure limits are exceeded.

Contain spill

Recover free product. To clean up residue, flush sparingly with water or use an absorbent. Avoid runoff to ground water, surface waters, and sewers. It may be necessary to remove contaminated soil. If product is flammable or combustible, use non-sparking tools. If required, notify state and local authorities.

Product Name: HYBRID™

Section 6 – Accidental Release Measures continued

Disposal Method

Solids must be disposed of in a permitted waste management facility. Recovered liquids may be reprocessed or incinerated. Incineration must be handled in a permitted facility. Dispose of material in accordance with all Federal, State and Local regulations. Local regulations may be more stringent than Federal or State.

Section 7 – Handling and Storage

- **Handling:** Wear protective equipment when handling. Wash thoroughly after handling. Do not get in eyes. Do not breathe vapor, mist, or dust. Avoid prolonged or repeated contact with skin. Do not swallow.
- **Storage:** For industrial use only. Keep container closed when not in use. Store in a cool dry place between 41°F and 120°F. Keep out of reach of children.

Section 8 – Exposure Controls/Personal Protection

Engineering Controls:

Mechanical: Mechanical ventilation is preferred.

Respiratory Protection:	If exposure limits are exceeded, or if exposure may occur, use a NIOSHA/MSHA respirator approved for your conditions of exposure. Refer to the most recent NIOSHA publications concerning chemical hazards, or consult your safety equipment supplier. Respiratory protection programs must be in compliance with OSHA requirements in 29 CFR 1910.134. For emergencies, a NIOSHA/MSHA approved positive pressure-breathing apparatus should be readily available.
Eye Protection:	Chemical goggles or face shield. Always wear eye protection when working with chemicals. Never wear contact lenses when working with chemicals.
Skin Protection:	Rubber gloves. Clean protective body covering, rubber apron, and rubber boots.
Work Hygienic Practices:	Avoid contact with skin, eyes, and clothing. After handling this product, wash hands before eating, drinking or smoking. If contact occurs, remove contaminated clothing. If needed, take First Aid action shown in Section IV. Launder contaminated clothing before use.
Other Protective Equipment:	Safety shower, eye wash fountain, and washing facilities should be readily available.

Product Name: HYBRID™

Sectio	on 9 – Physical and Chemical Properties	
Appearance:	Amber to brown liquid	
Odor:	Moderate Oder	
pH (aqueous approx. 5% in DW):	6.0 – 7.0 @ 20°C	
Boiling point/Boiling range:	224°C	
Freeze Point:	<0°C	
Flash Point:	330°C (TCC)	
Vapor Pressure (mmHg):	22.8	
Vapor Density (Air=1):	Not Determined	
Solubility in Water:	emulsifies	
Density:	7.71 – 7.82 lbs/gal @ 68°F (20°C)	
Specific Gravity (H ₂ O=1 @ 4°C):	0.92 – 0.94 @ 68°F (20°C)	
Evaporation Rate (NA=1):	Not Determined	
Percent Volatile by Volume:	Not Determined	
Fercent volatile by volume.	Not Determined	
S	ection 10 – Stability and Reactivity	
Chemical Stability:	Stable	
Materials to Avoid:	Strong oxidizers	
Conditions to Avoid:	High Temperatures, Freezing and sources of ignition	
conditions to Avoid.
